## Creating Entries

Each exhibitor can have multiple entries. One entry must be made for each item, animal, class, etc. For example, if an exhibitor is bringing 2 photographs, two entries into the photography class must be created. If an exhibitor is showing one horse in 5 events, five class entries must be created. Once all entries have been created for the first exhibitor, you have the choice of creating another exhibitor in this exhibitor group (and entries) or proceeding to check-out (submitting the entries, whether or not fees are charged).

1. Click Add an Entry beside the correct exhibitor (if more than one has been created).

2. Click Select beside the first department you wish to enter. Any departments that are not available for entry will be noted as “Not Available” with a short explanation.

3. After you select a department, you will see a list of divisions to select from, and then a list of available classes. *Also notice that there are blue “Change” links in case you mistakenly select an incorrect department, division, or class.*

   After you have selected the class, click the green Choose button.

15. You will have to choose “Enter a New Animal Record” to enter new animal information.

16. Fill in all of the fields with information about the animal you intend to exhibit. Click Create and Add Animal when finished. If the animal information was entered incorrectly, you have the option to either Remove From Entry (creating a new animal) or Edit Animal Details. When it’s correct, click Continue.

17. Any questions or file uploads related to entry in this class will be next. Click Continue after answering those questions or uploading documents.

18. When each class entry is complete, you have three choices for what to do next:

   b. If this exhibitor has more class entries to make, you can Add another Entry for this Exhibitor.

If all entries for all exhibitors in the exhibitor group have been completed, Continue to Payment (there are no entry fees for Ford County Fair entries) to finalize and submit your entries.
19. Review your entries for completeness and accuracy. *Notice the Summary and Detail buttons at the top of the list on the right.* If there are errors, click on the green Entries section at the top of the page. Click Continue when all information is correct.
