The 2018 Farm Bill was passed in December, 2018. Though it has much in common with the previous farm bill, there are some significant differences. The Ford County Extension Council, in partnership with the Ford County Farm Service Agency (FSA) and Ford County Natural Resources and Conservation Service (NRCS), will host an informational meeting covering the new provisions of the programs, economic decisions to consider when making a decision, and present a new decision tool for producers to use. This discussion will look at commodity programs, particularly the economics of the ARC/PLC decision for Ford County.
